

George Jinhong Wu

Date of Birth:August 2006

Location: Guangzhou, China

Email: mankindgeorge07@gmail.com

Hometown:Jieyang, Guangdong

Education

Sep 2024 – Present

GDUFE

B.S. in Data Science & Big Data Technology

Relevant Coursework: Data Structures & Algorithms, Database Systems, Operating Systems, Applied Regression Analysis, Data Governance, Unstructured Data Mining, Algorithm Analysis & Design, Optimization Methods, Data Collection

Project Experience

Jun 2026 – Present

Full-Stack Blog Platform

Full-Stack Developer (Solo)

Personal Project

- **(S→T)** Needed a personal blog with strong SEO performance and fast load times; required full control over front-end rendering, back-end API, and deployment pipeline
- **(A)** Architected a decoupled system using Nuxt3 (SSR) + NestJS + Prisma + PostgreSQL; developed RESTful APIs with JWT authentication and route guards; implemented database schema design and versioned migrations via Prisma ORM for user authentication and content management
- **(R)** Leveraged Nuxt3 Server-Side Rendering (SSR) to optimize First Contentful Paint (FCP) and maximize SEO crawlability; containerized with Docker and configured GitHub Actions CI/CD for automated deployment, achieving end-to-end automation from code push to production

Jun 2026

AI Capability Competition

Intelligent Agent Developer

GDUFE

- **(S→T)** Tasked with building an intelligent library assistant to streamline user interactions with library services; needed to integrate multiple functionalities into a single agent
- **(A)** Designed and developed a Coze-like platform agent integrating book search, borrowing queries, and personalized book recommendations driven by a custom algorithm
- **(R)** Delivered a fully functional intelligent assistant that improved library service accessibility; won Excellence Award

Sep 2024 – Jun 2025

Youth Volunteer Association

Member

- **(S→T)** Required to organize and execute multiple volunteer events across diverse community settings within one academic year
- **(A)** Planned and coordinated 10+ events including elderly care visits, primary school tutoring, and campus sustainability initiatives; managed volunteer assignments and on-site operations
- **(R)** Achieved high volunteer participation rates and received positive feedback from all partner organizations

Honors & Awards

National Second Prize, China Education Robot Competition
Third Prize, Pazhou Algorithm Competition
Third Prize, "Qinhu Cup" Digital Human Innovation
Competition; Third Prize, Robot Competition

Outstanding Individual, "Thousands of Villages" Program
Excellence Award, GDUFE AI Capability Competition

Skills

Languages: CET-4 (College English Test Band 4); proficient in reading English technical documentation

Back-End: NestJS, RESTful API Design, JWT Authentication

DevOps: Docker, GitHub Actions CI/CD, Cloud Server Deployment

Front-End: Vue.js / Nuxt3 (SSR), HTML/CSS/JavaScript

Database: PostgreSQL, Prisma ORM

Tools: Git Version Control, Python, C
